1. **ABOUT THE MINISTRY**

The Ministry of Local Government and Disaster Risk Management is responsible for local government and disaster risk management matters in Mauritius. Its main functions include overseeing the local authorities and formulating appropriate policies and legislative framework to ensure that local authorities operate smoothly, as well as effective coordination and monitoring of disaster risk reduction and management activities.

The Ministry of Local Government and Disaster Risk Management also has under its aegis two other service providing entities, namely the Mauritius Fire and Rescue Service (MFRS) and the Mauritius Meteorological Services (MMS). The MFRS aims at making Mauritius a safe place by minimizing the risks of loss of life, property and environmental damage through enforcement of fire legislations, education and rescue services, while the MMS aims at providing timely and accurate weather and climate services, including early warning for natural hazards.

2. **Our Vision**

Our Vision is to:

(i) foster a vibrant local democracy; to promote effective, transparent and proactive delivery of services by Local Authorities and to bridge the development divide between rural and urban areas;

(ii) maintain a high level of cleanliness, hygiene and embellishment of environment in public places;

(iii) strengthen the resilience of Mauritius so as to substantially reduce and prevent disaster risks and losses in lives, livelihoods and assets of people, communities and businesses;

(iv) make the Republic of Mauritius a safe place to live in, work and visit anytime and anywhere free from the threats of fire and other calamities/emergencies; and

(iv) establish a weather resilient and climate-smart nation.

3. **Our Mission**

Our Mission is to:

- ensure that Local Authorities adhere to the principles of good governance;
- empower and provide appropriate support to Local Authorities so as to enable them to manage the affairs of the local communities effectively and efficiently;
- engage all stakeholders in local community affairs;
• establish the necessary framework for holistic disaster management, including risk assessment, disaster risk reduction, early warning and emergency alerts, to preparedness, response, relief, recovery and rehabilitation;

• put in place modern and reliable early warning and emergency alerts early warning and emergency alerts to forewarn the population and first responders as well as emergency management agencies of imminent threats and to advise on appropriate precautionary and preparedness measures to be taken;

• reinforce preparedness at all level of the society through increased understanding to deal with identified risks of natural and potential man-made disasters;

• develop emergency response plans and schemes, and ensure their execution by relevant first responders and emergency management agencies on the ground;

• protect and reduce losses of life and property and prevent damage to the environment due to fire and other threats; and

• provide accurate and timely weather and climate services and early warnings for natural hazards for enhanced socio-economic development of the Republic of Mauritius.

4. Charter Coverage

This Charter gives an overview of the services and activities of the different units of the Ministry.

5. Charter Objectives

Under this Charter, we

(a) give you a brief description of our various units, services and activities;
(b) inform you about how and where to get access to our services;
(c) set standards and targets for our services; and
(d) inform you about our complaints and feedback mechanism.

6. Our Services/Activities

Strategies/Policies

• We provide the legal framework to empower the Local Authorities to deliver their services efficiently and effectively.
We make such regulations for the smooth implementation of the Local Government Act.

We provide general policy guidance to Local Authorities in respect of Local Government matters and other Central Government objectives.

**Clearances/Approval**

We process requests and issue clearances/authorization/advice to Local Authorities in respect of finance and establishment matters.

We attend to queries and complaints from the public and other stakeholders in respect of local government matters.

We process requests for approval of the Minister in line with the provisions of the Local Government Act.

**The National Disaster Risk Reduction and Management Centre**

The National Disaster Risk Reduction and Management Centre (NDRRMC) acts as the main coordinating body of the Ministry for the planning, organising, coordinating and monitoring of disaster risk reduction and management activities at all levels. The NDRRMC operates under the supervision of the National Disaster Risk Reduction and Management Council:

The key functions of the NDRRMC include, amongst others:

(i) to act as the primary coordinating agency for national disaster management activities in the Republic of Mauritius;

(ii) to take a pro-active all-hazard, multi-agency approach to risk management that emphasizes building capacity at all levels, that is the individual, the community, the Local Authorities, and key institutions;

(iii) to coordinates with all stakeholders to ensure that risk reduction and preparedness planning is included at the required levels, namely at national, municipal and district councils, private sector and communities' levels;

(iv) it convenes the National Crisis Committee under the chair of the Minister of Local Government and Disaster Risk Management in crisis situation;

(v) to ensure timely response to emergency situations through the activation of the National Emergency Operations Command (NEOC), for
the monitoring and coordination of ground operations by First Responders;

(vi) To build capacity of vulnerable communities to be ready for disasters through the Community Disaster Response Programme (CDRP) whereby participants are initiated to basic rescue techniques;

(vii) to assist Local Authorities in the preparation of Contingency Plans for vulnerable areas; and

(viii) to sensitize people in vulnerable areas on Disaster Risk Reduction through Training Programmes, Lectures and Workshops.

**Field Services Unit**

We execute minor upgrading works across the island, including landscaping, provision of amenities in public places, etc.

**Fire Services**

The Mauritius Fire and Rescue Service is a Department of the Ministry, which has, as main functions:

(i) the protection of life and property against destruction by fire;

(ii) the provision of adequate support in rescue operations during natural calamities and major accidents;

(iii) the issue of Fire Certificates and clearances; and

(iv) the organization of education, information and awareness programmes to the public on fire safety and rescue operations.

**Mauritius Meteorological Services**

The Mauritius Meteorological Services is a department of the Ministry and is the sole authority mandated to provide weather and climate services for the Republic of Mauritius, as well as early warning for natural hazards so as to reduce the loss of life and damage to property.

The main functions of the Mauritius Meteorological Services are, *inter alia*, to:

(i) provide daily and seasonal weather forecasts and climate services;

(ii) provide advisories and warnings for extreme weather events and tsunamis;
(iii) provide advisories and warnings to ensure the protection and safety of maritime navigation within and aeronautical navigation within the jurisdiction of Mauritius;

(iv) provide customised weather forecasts for weather-sensitive socio economic sectors;

(v) make, collect and exchange meteorological and other related observations in accordance with the procedures and the standards of the World Meteorological Organisation;

(vi) record, process and archive meteorological and other related observations for climatological, environmental, research, socio-economic and other purposes;

(vii) monitor the state of the atmosphere and of the ocean on a local, regional and global scale;

(viii) keep the National Disaster Risk Reduction and Management Centre and the National Emergency Operation Command informed of the evolution of weather and climate, including extreme weather; and

(ix) prepare, disseminate and supply meteorological data, information, products and advice.

The MMS strives to provide services complying with customer, statutory and regulatory requirements, including Word Meteorological and International Civil Aviation Organisation, and to continually improve the effectiveness of the Quality Management System so as to ensure its continuing suitability for meeting the need and aspiration of its customers.
